Clean/ Edit: Rosen

Hello, and thank you for downloading this release and supporting our group. We were actually not planning on working on this manga, but one of our new staff members had started translating it and asked us to pick it up. (

A special thanks to Black Butterfly Scans for allowing us to retranslate from French (although we ended up mostly retranslating from Chinese) and providing us with scans.

Once again, we are always recruiting, especially Japanese and Chinese translators, so if you have spare time and are able to help out please let us know!

Please do not upload this without permission to any manga-sharing site. Sharing is fine. (see rules)

Thank you once again,
Kido + rest of KS staff

A character from the anime 'Fruits Basket' is shown from the chest up, holding a large bouquet of yellow flowers. The character has dark hair and is wearing a light-colored shirt with a dark collar. The background is dark and out of focus.

Here and there, but for introducing this release and saying thank you. This is the last chapter of this series, so if you enjoyed the series, and you hope the characters were any like friends, and

Thank you to author!
